Help Us Help Others

Investing in the Safety of our Communities

Electric cooperatives adhere to seven core principles - principle seven is concern for community. As a former volunteer firefighter and department officer I am very aware of the importance of donations from organizations like Vigilante Electric. In many situations donations are needed to fund items that cannot be purchased because of budgetary constraints. This is one of the reasons why we are proud to introduce Vigilante Safety Roundup.

Vigilante Safety Roundup will provide our members with a way to donate to the organizations in our communities that keep us safe. Members can "voluntarily" allow Vigilante Electric to round their monthly bill up to the next whole dollar. They can also voluntarily round their bill up plus add a few extra dollars each month, or make a one-time donation.

Regardless of how the donations are made, 100% of the money will be presented to worthy organizations through grants. Grants will be awarded through an application process and will be reviewed by the Vigilante Electric Board of Trustees.

Many electric cooperatives have successful "Roundup" programs that provide assistance to a broad variety of organizations. From their experience, the average roundup donation is about 50¢ per month.

We know that in today's world everyone's budget is tight and every penny counts – this is why Vigilante Safety Roundup is such a fantastic way to make your pennies work to benefit others. Individually pennies don't go far, but when we add up all the donations, we can help many organizations.
